Dr. Thomas Palmer
Superintendent of Schools

Mr. Randolph B Sapp
School Business Administrator

November 5, 2020

Dear School Community,

The Clinton County Health Department has just put out a News Release related to the wearing of masks by our students in North Country Schools. Peru is committed to providing the safest environment for our students to learn in and for our teachers to teach in. We will always be compliant with the latest recommendations or orders that come down from the Health Departments (local or State Level) or from the Governor's Office as we want to remain open and provide the best opportunities for our students under these conditions.

At this time, the District will revert to our Reopening Plan for mask breaks and we will continue to provide mask breaks for our students as we have done in the past.

Thank you for your continued support during this time of uncertainty. We will also be having a podcast next week on Peru's reopening plans and where the District is at this time.

Sincerely,

Thomas Palmer Ed.D.

Superintendent of Schools
