

Peru Junior/Senior High School Lunchtime Grill

Food for thought...

Please feel free to bring any materials that you think students might benefit from. Hands-on tools or samples that are used in your place of work are highly encouraged! Students love to see, rather than to only hear about, your world of work. Also, stickers, posters, or other items with your business name or logo are welcome!

Presenter Guide:

Please think about the following questions as a guide for your visit:

- What subjects did you like in high school? Or, what did you like to do in high school?
- What is your educational background (high school diploma, on the job training, associate's degree, bachelor's degree, etc.)? What was your major if you attended college?
- What's your story? What led you to your current position, including unrelated jobs that you held prior to this one?
- What jobs did your family do? Did this have an impact on your choices? If so, how?
- How does your current position "match" your interests, skills, and personality?

- What do you like about your job?
- What other related jobs/positions do you often interact with?
- What is the job outlook in your field?
- What are you/is your company looking for in new employees? Please address both academic skills as well as personal and worker traits. Please address expectations including attendance, being on time, following policies (an example of a policy would be helpful), and working with others (co-worker or customer).
- What is the best advice that you could give junior/senior high school students as they develop a plan for what to do after high school?
