A Message from Dr. Thomas Palmer

May 15, 2018

I want to thank the entire community for their overwhelming support of proposed 2018-19 budget and the two (2) propositions at last night's vote. The budget passed 597-204 and the two (2) propositions passed: the Buses 617-184 and the Capital Project 568-235. We are fortunate to have a great faculty, dedicated staff and supportive parents. The Board of Education is focused on providing the best education our tax payers can support to our students.

Thank you for your continued support of Peru Central School District and all of the fine offerings we provide to our students. Without your support, none of the fine student work on display last night would have been possible. It is a great feeling to know that the school community values what the District is providing to their children. We will continue to strive for improvement and excellence.

Again, on behalf of the Board of Education and the entire staff, thank you! I consider myself privileged to be your Superintendent of Schools. We will finish the 2017-2018 year strong and I look forward to a great 2018-2019 school year.
