

## HOME SCHOOLED STUDENTS

The Board of Education shall ensure that children instructed at home are taught by a competent instructor and receive an education substantially equivalent to that offered in the district's schools.

Parents/Guardians who wish to educate their children at home must submit to the district an individual home instruction plan (IHIP), outlining the educational goals to be met and the course materials and syllabi to be used each year for the child's learning process. The district may accept or deny an IHIP. Parents/Guardians must submit quarterly reports which will provide the district with the necessary information to make determinations of substantial equivalency and competency of instruction on an ongoing basis.

Parents/Guardians may appeal to the Board a determination by the Superintendent of Schools or designee that an IHIP is not in compliance with the Regulations of the Commissioner of Education. Parents/Guardians shall have the right to appeal the final determination of the Board to the Commissioner of Education within 30 days of receipt of such determination.
