

CAMPUS SAFETY AND MAINTENANCE

The Peru Central Board of Education recognizes that a safe, secure and healthy school environment is necessary to promote effective learning. The Board is committed to ensuring that all school buildings are properly maintained and preserved to provide a suitable educational setting.

The Superintendent of Schools shall be responsible for seeing that appropriate district employees investigate and resolve complaints related to the health and safety issues in the district's buildings, consistent with requirements of state law and regulations.

Adoption date: August 11, 2009
