

PERSONNEL GOALS

The Peru Central School District Board of Education recognizes that the school district's central goal- the education of children- is wholly dependent on the dedication and work provided by the school district's employees. The Board seeks to develop and implement personnel policies that will allow and enhance the ability of staff to educate children.

The specific goals that will guide the Board as it develops personnel policies are to:

- A. Recruit and retain the best and most qualified staff available, as part of focusing on good public service.
- B. Ensure employees are evaluated in a rigorous and meaningful manner. C. Grant tenure to employees who have performed at the highest level.
- D. Provide professional development and training to employees to support continuous improvement of programs, services and employee skills.

Although the Board is the employer of all staff in the district, the Board recognizes that the Taylor Law requires the district to negotiate in good faith with recognized or certified employee organizations over wages, hours, and all other terms and conditions of employment as -defined by the Taylor Law or as interpreted by the Public Employment Relations Board. The school district will fully comply with the requirements of the Taylor Law.

All other employees in the district who are not represented by a recognized or certified employee organization will receive fair compensation and benefits for the work they provide.

In return for the compensation and benefits provided to district staff, the Board expects employees to seek continuous improvement in the service they provide, and to render the quality of service that enables children to learn at the highest level possible.
